

FRAME BOARD

PRODUCT NUMBER:

FB254-COM

DESCRIPTION:

The Amedec Frame Board functions as the primary structural support member of the assembly. It establishes elevation, defines panel alignment, and transfers loads from the finished surface to the roof attachment assembly.

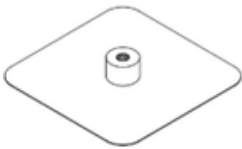

WARRANTY:

For more information refer to www.amedecsystems.com/warranty

STORAGE:

Store over flat surface in a dry, clean, and well-ventilated area, ensuring protection from warping.

APPLICATIONS:

All surfaces must be free of debris, loose granules or any other foreign matter that may prohibit the board from lying flat.
