

FRAME PLATE

Product Data Sheet PD 105

PRODUCT NUMBER:

FP101-SS304

DESCRIPTION:

The Amedec Frame Plate is a structural connector that integrates the Frame Board with the Roof Attachment assembly. Frame Plate distributes structural loads across attachment points while providing lateral stability and uplift resistance.

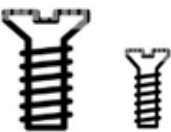

WARRANTY:

For more information refer to www.amedecsystems.com/warranty

STORAGE:

Store in a dry, clean, and well-ventilated area, ensuring protection from moisture and direct contact from other metals.

APPLICATIONS:

Only use provided hardware to attach Frame Plate to Roof Attachment and Frame Board to avoid penetrating roof surface.

ROOF ATTACHMEN FP101-SS304
