

PRODUCT NUMBER:

DT-127

DESCRIPTION:

Amedec Dec-Tiles are high-flow, interlocking drainage panels that elevates the turf above the roof surface, allowing continuous water flow toward existing roof drains while preventing moisture accumulation, while promoting positive air flow.

WARRANTY:

For more information refer to [www.amedecsystems.com/warranty](http://www.amedecsystems.com/warranty)

STORAGE:

Store over flat surface in a dry, clean, and well-ventilated area, ensuring protection from warping.

APPLICATIONS:

All surfaces must be free of debris, loose granules or any other foreign matter that may prohibit the drainage tile from lying flat.

ROOF ATTACHMENT DT-127
